INTERNATIONAL SCHOOL

Sotogrande International School (SIS) believes that a socially diverse student population is a key component of an international and balanced education. Therefore, we are committed to providing financial assistance to students as a community benefit, and in order to provide access to SIS to a more diverse range of students.

SIS has a long history of financial assistance to students and their families. While the costs of running the school require that those who can pay full fees must do so, every year the school does try to provide a number of bursaries to families experiencing financial difficulties.

The total number and value of Bursaries vary annually depending on:

- The financial position of the School.
- The number and quality of applicants.
- Prevailing financial climate.

Bursaries are funded from annual School funds, as the School does not have a sustainable Bursary Fund nor does it enjoy any subsidies. This is the reason for the annual review stated below.

Our Bursaries are designed to provide short term assistance to families who are experiencing financial difficulties which threaten the ability of the student to continue to attend SIS.

To be considered for a bursary the student must have completed one or more years at SIS. Bursaries are short term financial assistance and a new application must be submitted each year.

Policy Guidelines

- 1.- Bursary funds are limited, and the School has a duty to take all reasonable steps to ensure their correct allocation.
- 2.- The deadline for receipt of the completed application and supporting documentation is 21st February. Incomplete applications or applications received after 21st February will not be considered.
- 3.- The supporting documents must include income tax declaration and wealth tax declaration forms.
- 4.- Parents must be willing to answer some searching questions about their income and assets in order to justify their financial need. The application form is designed to provide a full picture of the income and assets of applicants so that the School's Award Committee can determine those most deserving of a bursary. It is expected that parents will exercise integrity and honesty at all times when making an application for a Bursary.
- 5.- Applicants for bursaries must demonstrate real financial need; families who may be classified as low income, but have substantial assets may be ineligible to receive a Bursary.
- 6.- Each application is considered by the Award Committee and then a recommendation is made to the Head who makes the final award decision. The decision will be communicated to parents by the 28th March.
- 7.- Once an award is approved, parents will be sent information regarding the amount of the Bursary, the duration and any additional conditions e.g. maintaining a level of achievement in a certain subjects.
- 8.- Decisions may be appealed through the Executive Committee, whose decision is final.
- 9.- Failure to meet the agreed financial schedule would mean the immediate cancellation of a Bursary.
- 10.- Any change in financial circumstances must be reported to the school. If the change in financial circumstances means the student no longer satisfies the criteria for an award, it will be discontinued.
- 11.- Failure to divulge to the school any requested information, or a change in circumstances could result in immediate cancellation of a bursary.

12.- Due to the limited financial resources of the School not every eligible application for a bursary will be successful.

13.- All applications are treated in the strictest confidence. Students will not be made aware that they benefit from a bursary unless informed by their parents.

Applications for Bursaries should be delivered in person to School Reception, or by posted to:
